

Commemorative Symposium for CEHS WHOCC Designation Prevention of Chemical Hazards

Monday, Nov.16,2015

15:00~17:00 (14 : 45 Open)

**Hokkaido University,
Centennial Hall**

How does chemical contamination in the environment affect health? What issues are experienced outside Japan in this regard, and what kind of support is needed? The Hokkaido University, CEHS works to prevent possible health hazards from environmental chemicals. This event will provide opportunities for members of the general public and other attendees to consider future issues and related responsibilities toward the creation of a safe, sustainable society.

◆Chair persons

Takeshi Saito (Director of CEHS· Faculty of Health Sciences, HU)

Taro Yamauchi (Faculty of Health Sciences, HU, Head of CEHS Division of International Cooperation)
