

WinGS Career Talk

for **female researchers and students**

Dec.

10th (Thu)

14:45~16:15

Women in Academic Research

Main Conference Room, Office of International Affair (Kita-15, Nishi-8)

We will hold a round table where four female researchers with different backgrounds will present their experiences about how to manage academic and personal life careers. We hope that these role model lives may help young female researchers and students to learn that you can choose your life development and combine both personal and work paths if you so decide.

*Drinks and snacks will be served.

Speakers

Yasemin Karakaşoğlu

Professor, vice-rector, Intercultural Education, University of Bremen

Fayna Garcia Martin

Assistant professor, Advanced Life Science, Hokkaido University

Yukiko Abe

Professor, Economics
Hokkaido University

Eva-Maria Feichtner
