English

【Brief introduction of the Universiti Sains Malaysia (USM)】

Universiti Sains Malaysia (USM) was established in 1969.

USM offers courses in the natural sciences, applied sciences, medical and health sciences, pharmaceutical sciences as well as in building science, the social sciences, humanities, and education on both an undergraduate and postgraduate level. There are about 30,000 students at its 26 academic schools spread across three campuses. The Academic Exchange Agreement between HU and USM was signed on the 7th of June, 2010.
