

Recruitment of Assistant professor in the Division of Stem Cell Biology,  
Institute for Genetic Medicine, Hokkaido University

We invite applications for the position of Assistant professor in the Division of Stem Cell Biology, Institute for Genetic Medicine, Hokkaido University as follows.

1. Position

Assistant professor

(The term of contract is 5 years. A performance evaluation will be conducted and a successful employee can be reappointed once. In the case of the reappointment, the additional term is 2 years.)

2. Department

Division of Stem Cell Biology

3. Research Field

Our research objectives are to analyze the molecular mechanism involved in the age-related central nervous system disorders, such as Glioblastoma and Alzheimer's disease, and to identify new therapeutic targets for these diseases. Successful candidate is expected to be involved in one of the above researches and the lab management including the education of graduate students.

4. Qualifications

- (1) PhD at the time of appointment
- (2) Outstanding achievements and publications in the research field
- (3) Strong motivation for education, research and other duties related to the management of the Division of Stem Cell Biology
- (4) Ability to give lectures in the graduate and undergraduate courses

5. Desired Start Date

April 1, 2021 (Negotiable)

6. Probation Period

The probation period is three months.

7. Salary

The salary will be determined in accordance with the regulations of Hokkaido University.

8. Working Form

Discretionary labor system for professional work

\*The working hours for a day is deemed as 7 hours and 45 minutes.
