

**Position Open: Specially Appointed Assistant Professor at Hokkaido University
Institute for Chemical Reaction Design and Discovery (ICReDD)**

The Institute for Chemical Reaction Design and Discovery (ICReDD), Hokkaido University, as a global research center based on the "World Premier International Research Center Initiative (WPI)," constructs an international research environment which gathers world-leading researchers and establishes a research environment that integrates computational, information and experimental sciences, in order to establish a new academic field "Chemical Reaction Design and Discovery", to provide substantial knowledge on chemical reactions that efficiently develop chemical reactions and materials for the future necessity, and to sustainably cultivate human resources engaged in the field of "Chemical Reaction Design and Discovery".

We are inviting applications for the position of Specially Appointed Assistant Professor (Hasegawa Group), Institute for Chemical Reaction Design and Discovery, Hokkaido University as follows.

1. Name of Recruiting Institution

National University Corporation Hokkaido University

2. Position and number of openings

Specially Appointed Assistant Professor, one opening

3. Employment Term

From the starting date to December 31, 2021

(Renewal of appointment may be offered until December 31, 2025)

4. Department

Institute for Chemical Reaction Design and Discovery

5. Location

Sapporo, Hokkaido (Hokkaido University)

6. Research Field

Quantum computational Chemistry, Coordination synthetic chemistry, and Molecular material chemistry

7. Job description

In the ICReDD Hasegawa group, the following research will be carried out mainly to promote integrated research in computational, information and experimental sciences.

(1) Development of the synthesis technology for photocatalysis using lanthanide complex

(2) Analysis of coordination geometry and with photophysical properties on a focus on lanthanide complex

(3) Analysis of quantum calculation of excited state in lanthanide complex

8. Qualifications

(1) PhD degree(s) at the time of appointment

(2) Outstanding achievements and publications in the research field

(3) Strong motivation to actively engage in new integrations with different fields

(4) Strong motivation for research and other duties related to the management of the ICReDD
