

1. In the event of a major disaster, an email is sent to students, faculty and staff members **to promptly confirm their safety.**
2. Students, faculty and staff members **report one's safety by simply replying to the email**, which is sent to their pre-registered email address.
3. **The safety reporting email is automatically forwarded to a parent/guardian** when their email address is pre-registered (for students only).

|---|-------------------------------------|---|
| 1 | Email Address Registration | <ul style="list-style-type: none"> You must pre-register your email address to receive a safety confirmation email. For undergraduate students, the email address on the Web Registration System (ELMS) is automatically registered. If you want to change your email address for the Safety Confirmation System, you must change it on ELMS. For graduate students, faculty and staff members, see the website below for how to register your email address. |
| 2 | Safety Reporting | <ul style="list-style-type: none"> You will receive a safety confirmation email in the event of a disaster. Reply to report your safety status. Safety confirmation emails are sent from the address "hokkaido-university@anpi.general.hokudai.ac.jp". Safety confirmation emails are sent not only in the event of a disaster but may also be sent in the event of other emergencies. |
| 3 | Parent/Guardian Notification | <ul style="list-style-type: none"> When your parent/guardian's email address is pre-registered, the automatic email notification of your safety status will be sent to the parent/guardian (for students only). Please see the website below for how to register the email address of your parent/guardian (please consult your parent/guardian before registering their information.) |
