I . Introduction (Read carefully as it contains important information)

Hokkaido University provides support through entrance fee waivers (deferment) and tuition fee waivers for students who face financial difficulties in paying these fees.

This support includes two types of systems: **the waiver system based on the new higher education support system (referred to as the "New System" in this Guideline)** implemented by the Japan Student Services Organization (referred to as "JASSO" in this Guideline), and Hokkaido University's original fee waiver (deferment) system (referred to as the "HU Waiver System" in this Guideline).

Under the **New System**, entrance and tuition fees are waived according to the JASSO grant-type scholarship's support categories. The categories are as follows: Category I: Full waiver, Category II: 2/3 waiver, Category III: 1/3 waiver. Households with multiple children are eligible for a Full waiver regardless of the support category. Eligible students include **Japanese undergraduate students (including Special Permanent Residents and Permanent Residents)**, and **it is necessary to apply for both the JASSO grant-type scholarship and the Entrance Fee and Tuition Fee Waivers as outlined in this Guideline**. Be sure to complete each procedure.

Under the **HU Waiver System**, the categories for entrance fee waivers are Full or 1/2 waivers, with an option for deferment. If approved, applicants enrolling in the first semester (April) may defer payment until the end of September, while applicants enrolling in the second semester (October) may defer payment until the end of February. The categories for tuition fee waivers are Full waiver, 1/2 waiver, and 1/4 waiver. Fee waivers are granted to those who meet both the academic and household financial criteria set by the University, with priority given to applicants with higher financial need within the available budget. As a result, the number of fee waivers awarded may vary each year depending on the budget and the number of applicants.

The requirements and application procedures for the fee waiver (deferment) system are regularly reviewed. Please refer to the latest Application Guideline when submitting your application.

1. Compliance Requirements for Applicants

Applicants (students) must apply themselves. Follow the compliance requirements below. Failure to comply may result in "Fee Waiver (Deferment) Denial" or "Fee Waiver (Deferment) Cancellation".

Compliance Requirements for Applicants

- Read this Application Guideline carefully. Make sure that there are no false entries or unreported income in your application and submit all necessary documents.
- Keep in mind that your application for a fee waiver (deferment) may not be approved. Have a plan for the payment in case your application is not successful.
- Ensure that all procedures are completed within the application period, understanding that documents submitted after the deadline will not be accepted.
