

**Position for Assistant Professor (Jokyo) in the Laboratory of Horticultural Science
Research Faculty of Agriculture, Hokkaido University**

August 27th, 2026

We are inviting applications for the position of Assistant Professor in the Laboratory of Horticultural Science, Research Group of Agrobiological and Bioresources, Division of Fundamental Agriscience Research, Research Faculty of Agriculture, Hokkaido University.

1. Title of position:

Assistant Professor (Tenure-track; see Appendix 1).

2. Affiliation:

[Immediately after hiring] Laboratory of Horticultural Science, Research Group of Agrobiological and Bioresources
Division of Fundamental Agriscience Research, Research Faculty of Agriculture, Hokkaido University (see Appendix 2).

[Scope of Change] Location as determined by the University

3. Responsibilities:

[Immediately after hiring] Duties concerning education and research at the Research Faculty of Agriculture, Graduate School of Agriculture, and School of Agriculture

[Scope of Change] Duties as determined by the University

4. Duties in education:

Lectures, seminars, experimental work, practical training, and exercise courses provided in Graduate School of Agriculture and School of Agriculture, Hokkaido University (see Appendix 3).

5. Qualifications:

(1) Applicants should have or are expected to have a doctoral degree or Ph.D.

(2) Applicants should have extensive expertise and an outstanding research record in either fruit horticulture or vegetable horticulture with a focus on horticultural crops grown in the northern biosphere. Furthermore, applicants must possess the aptitude and motivation to actively engage in education and research in fruit horticulture and vegetable horticulture upon assuming the position. They should be capable of advancing research on the development of new cultivation and breeding techniques, as well as the quality and functional components of fresh produce, and should have a demonstrated research record on the cultivation characteristics, quality formation, and the environmental responses of horticultural crops in the cold region. (see Appendix 4)

(3) Applicants should be proactive in contributing to the development of Horticultural Science education and research (see Appendix 3 and 4).

(4) Applicants should be able to provide research guidance regarding the above subjects for undergraduate and graduate students in Japanese and English.

(5) It is desirable that the researcher has a track record of obtaining external funding.

(6) Applicants should arrive at this post on the scheduled date.

6. Application materials (Two copies each except for (4))

(1) Curriculum vitae *

(2) Publication list and biographical data on research activities *

(3) Summary of research activities with citing the reference number in the publication list (either around 800 words in English or around 1,000 characters in Japanese)

(4) Reprints of Academic Papers, etc.

(Submit PDF files with the names corresponding to the achievement numbers listed in the (1) Academic Papers and Books section of the Research Achievements List on electronic media such as a USB flash drive.)

1) Peer-reviewed original papers

(5) Educational activities including those made in Japanese and applicant's perspectives on education (either

around 800 words in English or around 1,000 characters in Japanese)

(6) Summary of applicant's perspectives on research (either around 800 words in English or around 1,000 characters in Japanese)

(7) A list of achievements in academic society management and social contributions (format is optional)

(8) A list of two references for the applicant, showing their name, institution, position, telephone number, and e-mail address

* Forms of curriculum vitae, publication list, and biographical data on research activities are available at the URL of Hokkaido University. (<https://www.agr.hokudai.ac.jp/i/subscription>)

Remarks: If you have experienced interruptions or delays in your research activities due to reasons such as childbirth, childcare, nursing care, or illness, you may indicate such periods in your curriculum vitae. We will give due consideration in performance reviews.

Please note that an interview may be conducted if necessary. In that case, the applicant is responsible for any travel expenses.

The submitted document will not be returned to the applicant. Applications will not be used for purposes other than this job posting.

7. Deadline for application:

September 30th, 2026 (The application materials must arrive at Hokkaido University no later than this date.)

8. Scheduled starting date of employment:

April 1st, 2027

9. Destination of the documents:

Prof. Haruhide, MORI, Chair of the Personnel Committee, Ph.D.

Research Faculty of Agriculture, Hokkaido University,

Kita 9 Nishi 9, Kita-ku, Sapporo 060-8589, Japan

Tel: +81-11-706-3350 (Personnel section in Research Faculty of Agriculture, Hokkaido University)

*The requested documents should be submitted via registered mail (or a similar method) to the postal address indicated above. Please indicate "Application for Assistant Professor in the Laboratory of Horticultural Science " in red on the front of the envelope.

10. Contact person:

Prof. Tetsuya, AIKOH, Ph.D.

Research Faculty of Agriculture, Hokkaido University,

Kita 9 Nishi 9, Kita-ku, Sapporo 060-8589, Japan

Tel: +81-11-706-2452

E-mail: tetsu@agr.hokudai.ac.jp

11. Compensation:

(1) Probation Period:

Three months

(2) Salary:

National University Corporation Hokkaido University Salary Regulations for Faculty Subject to Annual Salary System

(3) Working hours, etc.:

- Discretionary Labor System for Professional Work or Fixed Working Hour System based on agreement
- Determined in accordance with the Hokkaido University Working Hours, Break Times, Holidays, and Leave Rules
- [For Discretionary Labor System for Professional Work]

The work hours per day are deemed as 7 hours and 45 minutes

•[For Fixed Working Hour System]

Work hours: 8:30 to 17:00

Break time: 12:15 to 13:00

Overtime work: Applicable

(4) Health Insurance, Pension, and Other Insurance:

- Mutual association of the Ministry of Education, Culture, Sports, Science and Technology
- Employee pension
- Workers' accident compensation insurance
- Employment insurance

(5) Support for female faculty members:

To support faculty members, there is a system in place to subsidize the employment costs of technical assistants (see Appendix 5).

12. Name of Hiring Institution:

Hokkaido University

13. Measures to Prevent Second-hand Smoke:

No smoking on campus except for the designated outside smoking areas.

14. Others

Hokkaido University has announced the “Statement on the Promotion of Diversity and Inclusion” and is striving to promote education and research activities by diverse human resources. We are also striving to create an environment that empowers all members of the University to demonstrate their abilities to the fullest.

Web page of the Statement on the Promotion of Diversity and Inclusion.

Appendix

1. For Assistant Professor, initial term of employment is 5 years, and an additional term of employment is limited to an additional 5 years. To qualify for a tenure positions, the candidate's performance during employment will be evaluated.

2. The Laboratory of Horticultural Science constitutes the Research Group of Agrobiology and Bioresources. The research group consists of ten laboratories, namely, Crop Science, Crop Physiology, Plant Pathology, Horticultural Science, Ornamental Plants and Landscape Architecture, Animal Ecology, Systematic Entomology, Plant Genetics and Evolution, Cell Biology and Manipulation, Pathogen-Plant Interactions. These laboratories conduct education and research in the field of agrobiology and bioresources in cooperation with each other.

3. The successful applicant will partly or fully give the lectures listed below, for which the Laboratory of Horticultural Science is responsible. The laboratory participates in “the Global Education Program for AgriScience Frontiers” and also provides education only in English.

(1) Subjects in the Graduate School of Agriculture: Study on Agricultural Science I & II, Seminar on Agricultural Science I & II, Advanced Botany and Agronomy, Advanced Horticultural Science, Advanced Seminar on Horticultural Science, Advanced Seminar on Botany and Agronomy, Applied Agricultural Science, and others

(2) Subjects in the School of Agriculture: Introduction of Horticultural Science, Pomology, Vegetable Crops, Special Course of Agrobiology and Bioresources Laboratory Work on Agrobiology and Bioresources I & II, Laboratory Work on Biology I & II, Laboratory Exercise of Chemistry I & II, Seminar in Agrobiology and Bioresources I-IV, Graduation Thesis, and others.

(3) Subjects in general education: General Education Seminar and others.

4. The Horticultural Science Laboratory conducts education and research on fruit trees, vegetables, and edible wild plants—including wild vegetables and berry crops—grown in northern regions. Its research includes the physiological and ecological characteristics underlying the cultivation and utilization of these plants, as well as plant tissue culture, postharvest shelf-life extension technologies, genetic resource evaluation, and cryopreservation technologies. Recently, research efforts have also focused on the bioactive constituents of fruits and vegetables and their roles in promoting human health. Currently, the laboratory has one Professor as its sole faculty member.
5. The Diversity and Inclusion Promotion Headquarters of our university is implementing various initiatives in addition to the project to subsidize the employment costs of technical assistants as shown in the attached document.
URL: <https://www.dei.hokudai.ac.jp/en/>

1. Support for the employment of technical assistants over life events

Support recipient	woman	man	Maximum support amount (six months)
(A) Researchers who need to halt research due to leave such as maternity leave and childcare leave, care leave			450,000 yen
1. Researcher taking leave for one month or longer (Support is available from two months prior to the expected date of childbirth)	○		
2. Researcher taking leave for two months or longer (The period of support begins one month prior to the start of childcare leave)		○	
3. Researchers who take one month or more of nursing care leave	○	○	
(B) Researchers who are pregnant and are obliged to take specific medical examination (listed below), and have difficulty in work life balance because they cannot carry out a kind of experiment by themselves	○		250,000 yen
(C) Researchers other than those listed above			400,000 yen
1. Researchers who take care of children under the first grade of elementary school alone or with a partner of full-time job *1	○	○	
2. Researchers who routinely need to give cares to their family such as elder member and have difficulty in work life balance *2	○	○	
3. Other researchers who find it particularly difficult to balance work and family life due to their own life events	○	○	

*1 In this case, childcare must be done in the same household by a researcher and his full-time working partner only.

*2 This case may apply even if a researcher has difficulty in balancing a life event and research due to a reason such as the researcher's regular hospital visits.

2. Support for the employment of technical assistants for active female leaders

Support Eligibility	woman	man	Maximum support amount (six months)
◆Support for female leaders - Female professors and associate professors (including specially appointed faculty members) at our university - In particular, researchers who find it difficult to secure sufficient time for research due to duties associated with holding important positions*1 within and outside the university, such as university management and social contribution activities	○		1,800,000 yen April to February of the following year

*1 "important positions" Positions at the university or departmental administrative offices (vice president, vice director, assistant director, research institute director, deputy research institute director, council member, representative, etc.), positions within the Japan Academy of Sciences or academic societies (such as President, Councilor, Committee Member, Subcommittee Member, Affiliated Member, Chairperson, Vice-Chairperson, etc.), and positions on advisory committees of national or local governments, etc., which require continuous service over a long-term period (one year or more) and entail ongoing workloads, as well as positions appointed through requests or elections from other organizations or entities.
